

We Honor the Many Old Lesbians who have passed from this physical plane of existence and who have left a legacy of strength and fortitude to inspire us to continue this work.

A woman's life is sacred. She is sacred in her being born, she is sacred in her living, and she is sacred in her dying

In Memory of Founders, Supporters and Friends

Dedicated visionaries who have made physical and monetary contributions toward creating a lasting method of monitoring and erasing ageism and also memorialized Old Lesbian friends of Lesbians connected with OLOC.
